i lack friends and the will to live and so i have neglected to take proper care of myself. my skin is pale and translucent from lack of sun and my knuckles are red from repeated injury. i feel like a complete failure and i cant find any motivation to get myself to the next day. i fail when it comes to girls, i fail when it comes to friends, i fail when it comes to hobbies, and i fail when it comes to finding purpose.

Here's how to use the pizza dough method, First you need confidence and good acting skills. Step 1: First you come out of a kitchen. Step 2: Act confused like you just lost some pizza dough. Step 3: Go up to the bitch you wanna use this method on. Step 4: Grab that bitches tit and say "Bitch I know you got my Pizza dough in your shirt, give me that pizza dough im not playing!" (edited)
